HYATT ZIVA CAP CANA

"As usual, working with Intercorp for our Hyatt new builds and renovation projects was a pleasure. Beginning with the initial design studies where the Intercorp's design team worked with us to refine and enhance our ideas, right up to installation and follow up, the process was easy and fast. In our flagship resorts, Hyatt Cap Cana, we are delighted with the results in the ballrooms both visually and with regards to durability. Besides being impressive and striking design, the product lives up to its reputation for strength and maintenance. Going forward, we will always revert back to Intercorp's team for future carpets. The results are excellent for both the designer and the guest client".
